XILENCE

Notebook-Charger Mini

Notebook-Charger 75W / 90W / 120W Mini

When looking at the new lightweight Xilence notebook PSU, it does not reveal its powerful interior. Never-the-less, the slim power pack has power with a stable output voltage of 24V. It achieves a remarkable efficiecy of over 85%. The compact power pack includes eleven plug adaptors in order to supply the most popular notebooks and netbooks with power. The integrated LED display shows information on the output voltage at all times. Full-range allows the power supply to be used world-wide. The PSU reliably operates at input voltages between 100V and 240V.

Product Features

- Full safety design:
- OVP (Over Voltage Protection)
- OCP (Over Current Protection)
- OTP (Over Temperature Protection)
- SCP (Short Circuit Protection)
- Coded, easy-to-install tips make easy chosing the right tip for your notebook
- LED display on the adapter shows the actual output voltage

Technical Data

	75 Watt Mini	90 Watt Mini	120 Watt Mini
Input Voltage	100-240V / 50-60 Hz	100-240V / 50-60 Hz	100-240V / 50-60 Hz
Output Voltage	18.5/19,19.5/20V	18.5/19,19.5/20V	18.5/19,19.5/20V
Performance	75 Watt max.	90 Watt max.	120 Watt max.
Efficiency	> 87%	> 86%	> 86%
Dimensions	124.8 x 50 x 31.5mm	124.8 x 50 x 31.5mm	142 x 57.5 x 31.5mm
Scope of delivery	Power Cable, 9 Tips	Power Cable, 9 Tips	Power Cable, 11 Tips
Weight	255 g	305 g	370 g
